## **Scope of Expert Services**

### **Cases I Accept**

I provide independent expert analysis and testimony in matters involving:

- Endodontic standard of care
- Causation of dental and endodontic injury
- Dental and endodontic trauma analysis
- CBCT and diagnostic imaging interpretation
- Endodontic complications and treatment outcomes
- Nerve injury and paresthesia assessment
- Informed consent and clinical documentation review
- Record review, written reports, affidavits
- Deposition and trial testimony (when applicable)

I serve as a neutral, objective expert for plaintiff, defense, and court-appointed matters.

### **Cases I Do *Not* Accept**

To preserve objectivity and defensibility, I do not accept cases involving:

- Opinions outside the scope of endodontics or dentistry
- Psychological, psychiatric, or intent-based opinions
- Legal conclusions or liability determinations
- Advocacy-driven or outcome-guaranteed engagements
- Speculation unsupported by clinical records or imaging
- Matters involving providers with whom I have a conflict of interest

## **STATEMENT OF METHODOLOGY**

My judgements are formed using a systematic, evidence-based methodology, including:

1. Comprehensive review of all relevant dental records, imaging, and correspondence.
2. Evaluation of care against prevailing standards at the time services were rendered.
3. Reference to peer-reviewed literature, professional guidelines, and clinical best practices.
4. Analysis limited strictly to my area of expertise.
5. Independent, unbiased conclusions reached regardless of retaining party.

If additional facts become available, opinions are re-evaluated accordingly. I reserve the right to revise opinions if warranted by new information.
